HOT CUSTARD PIE LANDS IN ROBBER'S FACE

DENVER, Feb. 9.—A masked bandit came to grief early yesterday when he was hit squarely in the face with a hot custard pie while he was looting the cash register of a downtown restaurant. The robbery occurred about 4 o'clock. Just as the robber entered the place, Miss Ina Monat, in charge of the restaurant at night, walked forward from the kitchen in the rear. In each hand she carried a steaming hot custard pie.

"Hold up your hands," commanded the robber.

"I won't drop these pies for any villain like you," she replied.

"I don't care what you do with the pies, but don't move," the hold-up man said as he turned toward the cash register.

As he gathered up some small change in the drawer, the young woman saw her opportunity and hurled one of the pies at him. The soft part of the pie struck him in the face and the surprised robber dashed through the kitchen and into a back alley, where he disappeared in the darkness.

Court ordered everything sold at New York Bazaar, bankrupt.

GOMPERS TESTIFIES IN BUCK STOVE INJUNCTION CASE

WASHINGTON, Feb. 9.—Samuel Gompers, president of the American Federation of Labor, was under cross-examination yesterday, when the hearing of the contempt proceedings against him, John Mitchell and Secretary Frank Morrison of the American Federation of Labor was resumed. There were several lively verbal tilts between the witness and Attorney Harrington, who was questioned in regard to the alleged violation of the injunction of the Buck Stove & Range case.

TRUCKEE EDITOR DIES OF WOUNDS

(Continued from Page One.) and that Smith then jumped on him and began beating him and that while lying down he pulled his gun and shot Smith in self-defense.

Both men were prominent in the town of Truckee and had resided here for a number of years. Smith was editor and publisher of the Truckee Republican and also ran a hotel. He had for some time past been conducting a campaign against the saloons of Truckee and the feeling was bitter.

Doyle is said to have backed a paper which was recently started by the saloon men of Truckee and which made a vigorous attack upon Smith.

Feeling among the better element in this vicinity is very bitter against Doyle.

The coroner's jury called to consider the evidence in the case convened at 2 o'clock, and up to a late hour today had not returned a verdict. District Attorney Aborgast and Sheriff Walker are waiting for the verdict of the jury before serving the warrant sworn to by Mrs. Smith, charging Doyle with murder.

Smith's relatives in Camden, O., have been notified and asked to make funeral arrangements.

DEPUTY SHERIFF ARRESTED FOR A COMMON THIEF

Last Tuesday, when train No. 23 arrived at Hazen, Constable Sharkey of that place had just received word to arrest a crook who was supposed to be a passenger on the train. Officer Sharkey made a careful tour of inspection of the cars, looking for the man wanted, and finally decided that Deputy Sheriff Shirley of Goldfield, who was taking an insane man to the Reno asylum, was the man wanted. It is needless to say Mr. Shirley objected to being arrested for a crook and stated to the Hazen constable that he was escorting a crazy man to the asylum. This aroused the ire of the insane patient, who denied being "bughouse" and insisted that his guard be locked up forthwith. Deputy Sheriff Shirley had to put up a strong and quick talk before he convinced Constable Sharkey that he was not the man wanted. The official commitment of the insane man and the deputy sheriff badge in Shirley's possession was all that saved him from going to jail. The drinks were on Constable Sharkey for his mistake and Deputy Shirley says he will have to change his appearance, for he does not care to be taken for a crook.

CHURCH MAN PROVES TO BE POOL PLAYER

SPOKANE, Wash., Feb. 9.—When members of his flock discovered that Frank E. Whitman, pastor of the Hope Congregational church of Newport, Wash., played a pool game in a public billiard hall they complained to the Congregational ministers of Spokane and asked for an investigation. The hearing disclosed that the preacher was the champion pool player of the town and business men threatened to withdraw their support to the church if he was removed. The investigation committee recommended that the pastoral relations be continued and 24 new members were added to the church rolls.

RARE BLACK FOX IS SIGHTED IN KENTUCKY

LOUISVILLE, Ky., Feb. 9.—Residents of the Indiana Knobs, opposite this city, have caught glimpses of a black fox, a rare species, the fur of which is the most valuable of any of the North American foxes, and an old-fashioned hunt is being organized by sportsmen in the hope of catching it. The black fox is a native of Alaska, and it is thought this may be a freak of the ordinary species. A year ago a Canadian silver fox was captured among the knobs, and its fur was sold in this city for \$300.

SLAYDEN SAYS BILL NOT AIMED AT ROOSEVELT

WASHINGTON, Feb. 9.—Representative Slayden of Texas, author of the anti-third term resolution in the house, has denied that it is aimed at Roosevelt.

"The resolution is aimed at the dangerous and un-American proposition of a third-term," he said. "I mean a third-term, whether consecutive or with an intervening term. If Roosevelt is a candidate for a third term, then, of course, it will affect him."

STORE IS ROBBED; ROLL IS MISSING

Through a private letter received here Thursday by Gus Hintze from Jesse Mendes at Duckwater, it is learned that the merchandise store of Mr. Mendes at that place was broken into and his safe robbed of its contents.

Besides \$1000 in money, all notes and other valuable papers were taken and among the latter was a certificate for 200 shares of Windfall Mining company stock. This stock was issued in Mr. Mendes' name, and Mr. Hintze was requested to notify the Windfall company of the robbery and have any transfer of the stock stopped.

Mr. Hintze states that the letter received was hurriedly written and contained no other particulars—Eureka Sentinel.
